

We are Peter, Shaun & Simon who have decided on entering 'The Mongol Rally', a 350-participant annual charity rally event. Our challenge will be driving 10,000 miles from London to Mongolia. This includes 18 countries including Iran, Turkmenistan & China, several mountain ranges, a couple of deserts and 7 time zones, in a VW Polo 1.2 (2002) with no backup and no assistance! We will also be camping in forests, deserts and wild landscapes as part of the adventure.

Our chosen charities include Cool Earth, which works alongside indigenous villages to halt rainforest destruction, and the Children's Liver Disease Foundation, who supported Peter, our young photographer, when he was diagnosed with liver cancer as a baby. This ground breaking operation has enabled Peter to live a full life. There is also the Christina Noble Children's Foundation (CNCF) with a center in Mongolia. We are also teaming up with the Arsenal Foundation. They have kindly donated 35 of their football jerseys and we will deliver them to the Christina Noble Children's Foundation Centre in Mongolia. From the Resource Centre we will be able to bring some happiness to the children when they see what we have brought for them all the way from England, and we are planning to have a kick about with some of them too! Even though we probably won't be able to understand each other, we are hoping to see smiles on their faces and leave them with some happy memories.

#### **What we can offer you:**

Putting your branded logo on our car, website, t-shirts and other digital media. To make it obvious what our theme is, we will be putting a great big football on the roof of the car, to represent our love for the world's biggest game (and attract attention to our sponsor's logos - one of which could be yours).

#### **What we are interested in:**

Donations towards our total which you can make here: <http://footiemadnomads.com/donate>. There are special tiers for companies and each one shows you what you will be entitled to. In special case's you may be able to provide us with items which can aid us on our trip or provide some unique and innovative technology to help us record our journey in the best way possible, so please do ask us directly by contacting the team: [team@footiemadnomads.com](mailto:team@footiemadnomads.com).
